MOUNT & GROUND W160

- Studded winter tyre for MTB use
- 160 durable steel studs
- Nokian Carbon Silica tread
- Durable Gumwall OLC casing
- Size: 26x1.9

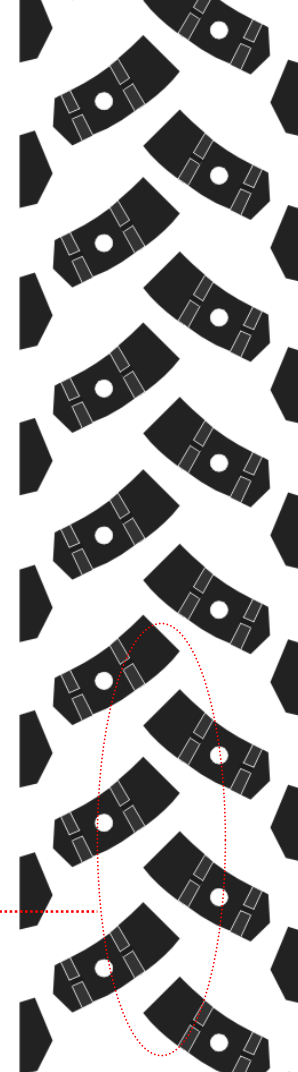

Excellent grip on extreme winter conditions due to 61 ShA Carbon Silica tread compound.

160 studs (in two rows) with durable steel body and carbide pins.

Easy rolling due to closely spaced center tread.
