nokian
EXTREME 294

EXTREME 294

•Studded winter tyre for Freeride & XC
•294 sharp carbide studs
•Nokian Carbon Silica tread
•Light skinwall OLC casing
•Size: 26x2.1, 950g (wire)

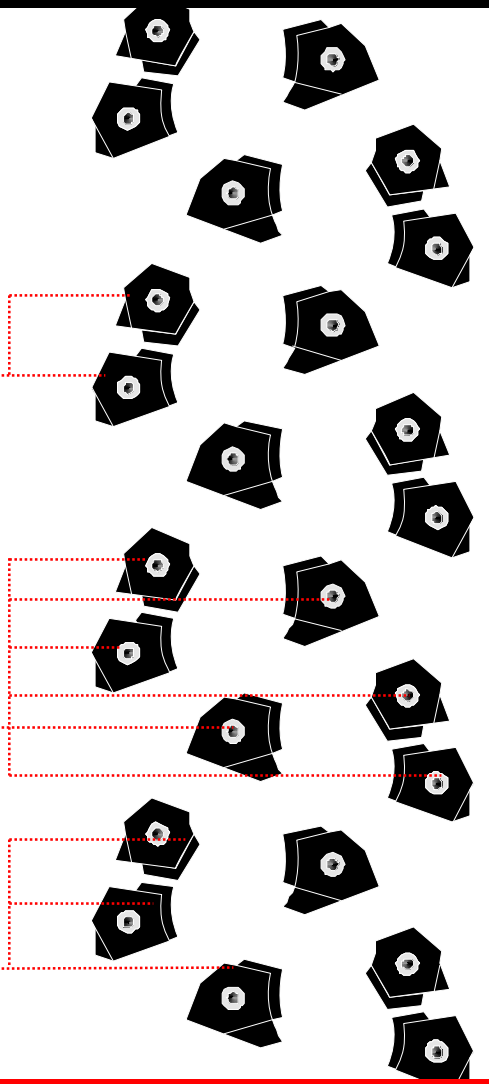

Stable cornering due to solid & raised Twin knobs on shoulder.

Excellent grip on extreme winter conditions due to 61 ShA Carbon Silica tread compund.

294 studs in six rows with sharp carbide pins and Longlasting steel body.

Increased grip on hardpacked snow due to sharper “Multi Edge” tread design and raised tread sections.
